No Further Action Letter

RE: Mobil Mart #225, 2305 Droste Rd, St. Charles, St. Charles County, MO - **ST0005305, R009094**

Dear Mr. Greenwalt:

Congratulations on the completion of this underground storage tank (UST) closure project! The Missouri Department of Natural Resources' Hazardous Waste Program, Tanks Section, thanks you for your efforts to responsibly address the permanent closure by removal of the following USTs at the above referenced facility:

- UST ID #1, a 10,000-gallon, steel, gasoline UST
- UST ID #2, a 10,000-gallon, steel, gasoline UST
- UST ID #3, a 10,000-gallon, steel, gasoline UST
- UST ID #4, a 10,000-gallon, fiberglass diesel UST.

The Department has reviewed the Missouri Risk-Based Corrective Action (MRBCA) Closure Report dated November 10, 2015, submitted by SCI Engineering Inc., for the above referenced facility. The closure report evaluates risks to human health and the environment resulting from a possible petroleum release from the tank system during its operation and summarizes corrective actions taken to address those risks.

The closure report indicates SCI Engineering Inc. adequately evaluated these risks and the closure requirements for the tanks listed above, using MRBCA default target levels.

Based upon a review of the site information and the closure report, the Department has determined that 'No Further Action' is required regarding the chemicals of concern evaluated in the environmental site assessment conducted during the permanent closure of the tanks at this site.

Please be aware that 10 CSR 26-2.080(3)(B) provides: *"if subsequent information becomes available to indicate that contamination may be present at the site at levels which may threaten human health or the environment, the Department may require additional investigation or site characterization and/or corrective action."*

The file for this site is maintained by the Department's Hazardous Waste Program, located at 1730 East Elm Street, Jefferson City, Missouri 65101. To view this file or obtain copies, please contact the Custodian of Records Dawn Brooks at (573) 526-0670, email: custodianofrecord@dnr.mo.gov or visit our website for additional information at: <http://www.dnr.mo.gov/sunshinerequests.htm>.

Please direct questions regarding the Petroleum Storage Tank Insurance Fund to the Fund Administrator at (573) 761-4060 or (800) 765-2765.

Thank you for your efforts to comply with Missouri's Underground Storage Tank Law and Regulations. If you have any questions regarding this letter, please contact Ms. Teresa Bullock, of my staff, at the Hazardous Waste Program, PO Box 176, Jefferson City, Missouri 65102-0176, or at (573) 522-8794.

Once again, we appreciate your efforts to address the closure of the tanks at this site and for helping to protect our valuable natural resources.

Sincerely,

HAZARDOUS WASTE PROGRAM
